

116TH CONGRESS
1ST SESSION

S. 2307

To authorize the Secretary of Defense to make grants to support the study of world languages in elementary schools and secondary schools.

IN THE SENATE OF THE UNITED STATES

JULY 29, 2019

Mr. BOOKER introduced the following bill; which was read twice and referred to the Committee on Armed Services

A BILL

To authorize the Secretary of Defense to make grants to support the study of world languages in elementary schools and secondary schools.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “World Language Ad-
5 vancement and Readiness Act of 2019”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) The national security of the United States
9 continues to depend on language readiness, in par-

1 ticular among the 17 agencies of the intelligence
2 community.

3 (2) The levels of language proficiency required
4 for national security necessitate long sequences of
5 language training for personnel in the intelligence
6 community and the Department of Defense.

7 (3) The future national security and economic
8 well-being of the United States will depend substan-
9 tially on the ability of its citizens to communicate
10 and compete by knowing the languages and cultures
11 of other countries.

12 (4) The Federal Government has an interest in
13 ensuring that the employees of its departments and
14 agencies with national security responsibilities are
15 prepared to meet the challenges of this changing
16 international environment.

17 (5) The Federal Government also has an inter-
18 est in taking actions to alleviate the problem of
19 American students being inadequately prepared to
20 meet the challenges posed by increasing global inter-
21 action among nations.

22 (6) American elementary schools, secondary
23 schools, colleges, and universities must place a new
24 emphasis on improving the teaching of world lan-
25 guages, area studies, counterproliferation studies,

1 and other international fields to help meet those
2 challenges.

3 (7) The United States needs more people to
4 speak languages other than English in order to pro-
5 vide social and legal services for a changing popu-
6 lation.

7 (8) The study of a second language has been
8 linked to improved learning outcomes in other sub-
9 jects, enhanced cognitive ability, and the develop-
10 ment of empathy and effective interpretive skills.
11 The use of a second language has been linked to a
12 delay in certain manifestations of aging.

13 (9) The United States lags behind most nations
14 of the world, including European nations and China,
15 in the percentage of its citizens who have some
16 knowledge of a second language.

17 (10) Native American languages are distinct in
18 political status and history and should therefore re-
19 ceive targeted support to ensure their retention in
20 alignment with the Native American Languages Act
21 (25 U.S.C. 2901 et seq.).

22 **SEC. 3. WORLD LANGUAGE ADVANCEMENT AND READINESS**
